LOGICAL FRAMEWORK OF THE PROJECT

OVERALL GOAL (IMPACT)

The rights of people with disabilities are implemented in Rwanda in accordance with the UN Convention on the Rights of Persons with Disabilities.

PROJECT GOAL (OUTCOME)

People with disabilities actively bring their interests into national and local processes through empowered DPOs, HROs, platforms and authorities.

UNDER GOALS (OUTPUTS)

1. Community members, social service providers and public officials are sensitised and their capacities are strengthened in the field of human rights and the rights of people with disabilities.
2. Close cooperation has been established between DPOs and Rwandan government institutions with regard to promoting the human rights of people with disabilities, inclusion and anti-discrimination.
3. The capacities of DPOs and HROs are strengthened to monitor and promote the integration of international human rights instruments into national and local policy and planning.
4. The capacity of at least 600 people with disabilities in the 5 target districts to claim their rights has been strengthened and they are actively working for these rights.
TARGET GROUP OF THE PROJECT

DIRECT TARGET GROUPS

Total number of persons that will be trained are: **2,116 persons**

- **13** Persons with Disabilities Organizations (PDOs) + **2** Organizations for other marginalized groups (Rwanda Network of People Living with HIV & Communauté des Potiers du Rwanda (COPORWA) with around **700 members**
- **10** Human rights Organizations (HROs)
- **226** Government officials (36 National level (MINALOC, MIGEPROF, MINIJUST, GMO,NCC, NYC, NWC, NCPD, RNP), 180 local level (Districts) & policemen)
- **100** social service provides (schools, hospitals, transport companies, etc)
- **180** community members as mediators (community health workers, opinion leaders)
- **600** people with disabilities (30 people per 5 districts in 4 years)
- **300** young people/youth countrywide

INDIRECT TARGET GROUP

All persons with disabilities in Rwanda (**446,000**) will benefit from achieving the project objectives.
PROJECT KEY ACTIVITIES

Objective/Output 1: Community members, social service providers and public officials are sensitised and their capacities are strengthened in the field of human rights and the rights of people with disabilities.

- Baseline study on the current understanding in terms of international instruments on human rights and the rights of persons with disabilities.
- Training and awareness on international human rights, rights for people with disabilities and their integration into the national legal framework for:
  - National and Local authorities, PDOs, and HROs, Local social service providers, community members
- Establishment of an annual national forum for dialogue on human rights with regard to persons with disabilities and other marginalized groups
- Quarterly partner meeting at local and national levels with representatives of government institutions to monitor the progress in the promotion of anti-discrimination.

Objective/Output 2: Close cooperation has been established between DPOs and Rwandan government institutions in promoting the human rights of people with disabilities, inclusion and anti-discrimination.

- Analysis of "inclusiveness" in existing policies and programs towards international Human rights conventions and treaties;
- Meetings with Government Agencies, DPOs to advocate for and protect the rights of persons with disabilities;
- Discussions with parliamentarians and other policy makers on legislation, position papers of DPOs amongst others;
- Annual meetings with Local Authorities to ensure that recommendations from public debates are taken into account.

Objective/Output 3: The capacities of Persons with Disability Organizations (PDOs) and Human Rights Organizations (HROs) are strengthened to monitor and promote the integration of international human rights instruments into national and local policy and planning.

- Work with HROs on the monitoring and reporting of discrimination cases;
- Carrying out situation analysis and collecting reports on discrimination cases of persons with disabilities and marginalised groups;
- Conducting radio and TV talk shows on human rights, rights of persons with disabilities and anti-discrimination;
- Documentation of the impact of the project on the promotion of human rights and anti-discrimination.
- Conduct workshops to raise awareness and mobilize young people for the issue of disability
Objective/Output 4: The capacity of at least 600 people with disabilities in the 5 target districts to claim their rights has been strengthened and they are actively working for these rights.

- Training of 600 people with disabilities to UNCRPD and other Human rights instruments,
- Awareness through annual awareness campaigns on the International Day of Persons with Disabilities,
- Establishment of local platforms as channels for reporting discrimination and rights violations and supporting annual general meetings.
